Attorney Frank Saia representing the petitioners Allan and Suzanne Griffin of 104 North Street. Mr. & Mrs. Griffin are seeking a permit to keep two female goats at their home on 104 North Street. Atty. Saia explained that in January 2000 Mrs. Griffin qualified as disabled due to her digestive disease and the only type of milk she can drink is goat's milk. The current zoning laws provide for livestock but do not allow goats and under the American's with disability law the Griffin's should be allowed to keep these goats.

Chairperson Prouty read into the record a letter from Gary Crouteau, 112 North Street, Agawam who was not in favor of granting this permit because of the aroma and the noise that these two goats make.

Chairperson Prouty read into the record an order from the Housing Court dated September 18, 2006 which ordered the Griffin's to remove these goats from the premises.

Attorney Saia agreed with Judge Abraskin's order but no one has ever challenged the zoning ordinances regarding goats to be also included as livestock.

Paul Cook, East Longmeadow, MA a representative from ADA stated that local government is mandated by the ADA to make reasonable accommodations for a situation like this.

Chairperson Prouty stated that more information is needed regarding the American with Disabilities law before a decision can be made on this permit. She also stated that the Zoning Board does not have the authority to substitute goats for horses in the zoning ordinances.

Attorney Saia stated the Griffin's would be willing to move the goats pen to alleviate any noise or aroma it is afflicting on the neighbors.
