51030	Overtime for non-court related departmental needs
51050	Holiday pay per collective bargaining agreements
51070	Gear and uniform allowance per collective bargaining agreements
51080	Funds to pay overtime for court related matters
51120	Educational incentive per collective bargaining agreements
51400	See Personnel Sheet
52030	Maintenance agreements and repairs for LIDAR units, Radar/Lidar calibration costs, telephone recording equipment, emergency lighting repairs, and copier and fax supplies and maintenance contract
52070	Parking fees for officers attending court
52150	<p>Our conversion of landline-based calls from the traditional system, to the newly adopted computer-based system provides us with the opportunity to shift those savings into a cellular communications program for some of our officers. This new plan has already been implemented for personnel assigned to the Detective Bureau, and will be expanded for units that are established in the future to include Narcotics and Traffic. Use of devices issued pursuant to this program is guided by Agawam Police Department Policy &amp; procedure 4.18.</p> <p>We have seen an increase in costs associated with our cellular data plan, that are attributable to new surveillance technologies that have been employed by our Detectives in the furtherance of criminal investigations. As such, we are requesting a slight increase in this category to reflect those increased costs.</p>
52170	Association dues for the Chief and other officers with

52180	First Responder and CPR/automated external defibrillator mandated training costs for each officer in accordance with state law as well as re-certification of breath test operators, and supplies associated with this training, CPR certificate cards, and mileage and meals for officers attending training in accordance with the collective bargaining agreements, active shooter overtime and equipment costs, taser program overtime costs and field training program costs.
52190	Cost of physicals in accordance with collective bargaining agreements, funds associated with physicals/ psychological testing for new recruits, funds for a Fitness First program for police officers in accordance with the collective bargaining agreement.
52360	Payment of research and development fees to Information Management Corporation which keeps the police computer information software constantly upgraded; cruiser laptop software agreement and air time; and lease fee for Identi-Kit, consultant fees, contractual services, and mobile radio maintenance contract.
52992	Board fees at kennel for stray animals, euthanasia costs associated with animal control program. In the 2018 calendar year, we also began utilizing a per diem animal control officer for after hours and weekend call outs when our full-time animal control officer is unable to respond. This has proven to be of great benefit, and has been very cost-effective.
52230	Office supplies such as pens, folders, arrest jackets, and receipt books, evidence labels, dot matrix paper for LEAPS terminals, recording tapes and DVD's for recording of confessions.
52240	Photographic printing for court cases, digital cameras, media storage, LTC cards, postage and turnpike toll etc.
52260	Expenses related to the administration of basic first aid and CPR, as well as administration of nasal Narcan to patients suspected of suffering opioid overdose.

**POLICE DEPARTMENT - PAGE THREE**

<u>ACCT. CODE</u>	<u>DESCRIPTION</u>
52310	Expenses related to the processing of crime scenes including narcotics testing supplies, DNA baccul swabs, latent fingerprint recovery, etc. Also covers costs associated with bio-hazard cleanup of cells, booking areas, and cruisers by certified outside contractor.
52410	Ammunition/cleaning equipment, targets, road flares, battery replacements for AED, crowd control supplies, breath test solution, fire resistant blankets for cells, disposable rubber gloves and prisoner meals. A small increase in this category is attributable to qualifying and training a larger number of officers, as well as purchasing additional handguns so that requisite numbers of back-up weapons are available if needed. (repairs, shooting investigations etc.)
52040	Replacement of desktop computers and printers.
58500	In the FY19 budget, we had been in the process of converting our fleet of patrol vehicles from the Ford Police Interceptor Utility over to the Chevy Tahoe Police Pursuit Vehicle (Chevy Tahoe PPV.) I am pleased to inform you that we have complete the conversion of our primary line units from the Ford Utility Interceptor over to the Chevy PPV. We will continue the conversion of other vehicles within our fleet over a period of time, but those other vehicles see far less use than our primary patrol units. In FY20, we will need to replace three (3) of our primary patrol vehicles based upon mileage and rates of wear.

**Solid Waste Expenses** - This account includes all funds required for the collection and disposal of solid waste including weekly rubbish collection(\$627,890.00), bi-weekly recyclable collection (\$336,810.00), municipal building trash and recycling collection (\$65,500.00), yard waste collections(\$95,998.00), bulk collection and disposal(\$71,805.00), solid waste disposal(\$537,660.00), miscellaneous disposal (\$25,000.00), yard waste disposal (\$82,500.00), household hazardous waste collection (\$15,800) and equipment replacement (\$20,000).  
(Grand Total \$1,878,963.00)

**Storm Water Management** – In previous years, the Agawam DPW used a combination of the stormwater management line item and funding, labor, supplies and resources from the remainder of its budget to meet the NPDES requirements. The funds listed above are an increase from previous years and are needed in order to stay complaint with the ever increasing demands and requirements of the NPDES program. The amounts requested have been estimated based on the work completed annually since 2003, the suggested increases in funding provided by an analysis completed by the Town’s consultant as part of the ongoing Stormwater System Assessment and Utility/Fee Planning Project, and projected work expected in the upcoming fiscal year. Funds have been included in this Fiscal Year to sweep all 291 curb miles of Town roads. This will also allow an increase in the level of routine maintenance for as many of the Town’s 5,000+ catch basins and other storm drain infrastructure as funding will allow. Additionally, unexpended funds may be used for unanticipated large capital expenditures due to storm water system failures. Funding will likely be adjusted in future years as new data is acquired from forthcoming investigations and as new regulations and requirements are mandated by the DEP.

**Sewer and Water** - In an attempt to control the amount of money appropriated each year to pay for water and sewer charges in Town buildings; we have centralized the amount needed into a single line item. The water department is self-sufficient and must bill and receive payment for all water usage including the Town's own buildings.

**Previous Year Bills** - In accordance with the provisions of Chapter 44, Section 64, we appropriate funds to pay any previous year bills which are received during FY2020.

**Tax Title Costs** - Tax title costs include recording costs, legal fees and Land Court Costs incurred as we proceed with foreclosure on properties held in tax title accounts and for the costs associated with the auction of foreclosed properties.

TOTAL \$ 1,831,400 \$ 1,674,000

**TOWN OF AGAWAM  
FISCAL YEAR 2020 BUDGET**

**CAPITAL IMPROVEMENT BUDGET**

1. **DEPARTMENT OF PUBLIC WORKS VEHICLES AND EQUIPMENT (\$414,000.00)**

An annual capital appropriation is included to provide for on-going replacement of equipment on a scheduled maintenance program. Funds may be carried from one fiscal year to the next in order to provide funding for large, high value, Department of Public Works trucks and other capital equipment. The Department is in need of the following pieces of equipment to maintain safety of both the public and our employees and to maintain the service to the community that DPW provides. The equipment request for fiscal year 2020 includes the following:

1. Purchase a current year International HV507 Heavy Duty Truck, 68,000 GVW with a Vactor Combination Vacuum/Jetter Unit for use by Highway and Grounds and the Water Department. This truck will enable the DPW to clean the 4,757 catch basins, 2,352 manholes and 121.5 miles of drain lines with DPW equipment and staff, limiting outside contracted cleaning costs while maintaining our USEPA stormwater permit obligations (MS4 Stormwater Permit.) The cost of this vehicle will be split between the general fund and water fund.
2. Purchase a current year Ford F550 4X4 Stake Body with V10 gasoline motor, plow and deck mounted tool boxes, replacing a 2007 Ford F450 with 120,000 miles, a failing diesel engine and corrosion to its body and undercarriage. This truck is used for winter operations and as the work truck for the sidewalk crew during construction season.
3. Purchase a current year International Workstar 40,000 GVE Medium Duty Dump Truck, replacing a 2002 Freightliner with red-flagged frame damage. We plan on salvaging the Dump bod/hoist and the plow from the existing truck. This truck is used for winter operations and for general road construction operations.
4. Purchase a 20,000 lb. dual post vehicle lift, OSHA compliant, to replace a 1983 Mohawk 15,000 lb. lift that is not OSHA compliant. This lift is critical to the town's ability to maintain the town's vehicle fleet. The increased lift capacity is needed due to the weight of vehicles increasing over the years.

2. **STREET/INFRASTRUCTURE IMPROVEMENT PLAN (\$500,000)** Funding is required

for the improvement and maintenance of our local infrastructure. Municipal infrastructure projects include the construction, reconstruction, widening, resurfacing of roads, maintenance of historic street lights, repair and installation of guard rails, repair of culverts and drainage systems, catch basin cleaning, trimming and/or removing diseased and dead trees on town property, repair and paving of town owned property and related work in the Town's Right of Way, pavement markings and signage. This work will be completed in conjunction with the Town's Pavement Management Program. Appropriations will be supplemented with Chapter 90 funds to

**TOWN OF AGAWAM  
FISCAL YEAR 2020 BUDGET**

**CAPITAL IMPROVEMENT BUDGET- PAGE TWO**

enhance pavement management and the Complete Streets Program. Pavement management includes:

1. Pavement Reconstruction: including but not limited to millings of top course pavement layer installation of a crack reducing interlayer (SAMI), overlay of new bituminous asphalt and full-depth reclamation and pavement construction;
2. Pavement Preservation/Management: including but not limited to fog sealing, crack sealing, chip sealing, cape sealing, microsurface or similar asphalt surface treatment application, and any other work related to pavement preservation;
3. Related Work: any work needed to accomplish pavement reconstruction or maintenance items such as street sweeping, tack coat, pavement markings, saw cutting, driveway apron installation, berm/curbing adjustment or installation, police/traffic management detail, etc.;
4. Engineering Design or Pavement Management Related Work: any work relating to the management, survey, design, or layout of pavement projects including but not limited to right of way takings and pavement management program/studies;
5. Utility Structure Adjustments and Upgrades: utility adjustments required as a result of pavement projects including but not limited to manhole, catch basin, water gate, hydrant and other related infrastructure adjustments or upgrades.

3. SIDEWALK REHABILITATION AND EXTENSION (\$500,000.00) In order to implement a cost effective means of addressing deteriorating sidewalks and comply with Title II of the Americans with Disabilities Act to Provide Curb Ramps and fulfill the sidewalk rehabilitation requirements as outlined in our Complete Streets Policy, a crew of four (4) is dedicated specifically to the repair, rehabilitation and replacement of sidewalks and implementation of a true Sidewalk Master Plan. The funds in this account will be used for material to repair, replace and construct new ADA compliant sidewalks. Funds are included to remove trees that are impacting sidewalks, impairing our ability to repair and /or replace sidewalks. Additionally, these funds are to be used to hire a contractor to install new and/or replace non-compliant sidewalks in disrepair. Private contractors will be used to install loner contiguous sections of sidewalk while the DPW sidewalk crew will focus on smaller projects, ADA curb cut compliance, and smaller projects for which it would be too expensive to deploy a large contractor. Typically, this work will be performed in conjunction with adjacent Chapter 90 road work in compliance with federal regulations which require that sidewalks be brought up to ADA standards when an adjacent roadway is resurfaced.

4. TRAFFIC LIGHT IMPROVEMENTS (\$30,000.00) Funds are included to provide for upgrades of equipment and software for existing traffic lights. As older lenses are burning out, the Department of Public Works implemented a policy to replace them with brighter, energy efficient LED lamps.

**TOWN OF AGAWAM  
FISCAL YEAR 2019 BUDGET**

**CAPITAL IMPROVEMENT BUDGET – PAGE THREE**

5. HAMPDEN COUNTY LAND (\$9,500.00) Agawam acquired most of the holdings of the Hampden County government that were within the Town's boundaries when the county was dissolved. The Town is required to reimburse the other county communities for their share of these assets.

6. ASSESSOR'S OFFICE CAMA SYSTEM (\$70,500.00) Funds are requested for the purchase of new software, training, implementation and field review costs to convert to a new Mass Appraisal System for real estate appraisals that will eliminate the need to manually create reports required by the Massachusetts Department of Revenue. The current CAMA software dates back to 1996 and is no longer functioning properly with the new Microsoft Operating Systems that are in place. Also, due to the outdated system currently in use, the yearly maintenance fees are currently three times what a new CAMA system would be. This savings alone would pay for this entire project in 5-6 years.

7. PARKS & RECREATION SHEA FIELD PARKING LOT (\$157,400.00) Shea Field has become a popular destination with the existing Skate Park and the addition of the Agawam Dog Park. The three baseball diamonds are used by the High School, Agawam Little League, American Legion and independent teams. The park is used year round and also serves as the egress from Robinson Park Elementary School. Funds are requested to pave the lot, update the existing gravel parking lot with asphalt and paint lines for designated parking spots. This project is referenced on page 14 of the Executive Summary of the 2018 Parks and Recreation Needs Assessment and Master Plan.

8. SCHOOL ENERGY MANAGEMENT SYSTEM (\$150,000.00) Funds are requested to replace school facility energy management systems. The Control Pak Systems installed with the 1999 school renovations designed to manage the classroom unit ventilators, air handler units, boilers, and pumps are failing. Technical support for program maintenance, program upgrades, or system repair is no longer available. Without properly functioning Energy Management Systems, achieving fuel savings and temperature comfort levels for students and staff is limited. Two of the Town's schools have had the Siemen's Apogee EM control systems installed. These two replacements were partially funded from Green Communities funds along with rebates from Columbia Gas and Eversource. The remaining systems to be replaced are at the Junior High School, Granger School, Agawam High School, Phelps School and Robinson Park School. The Town will explore the use of Green Communities finds to help defray the cost of energy saving projects such as this.
