

Aflac benefits

All benefits are portable - Rates do not increase

WHY AFLAC? Medical insurance makes sure doctors & hospitals are being paid. But who is protecting **you**? When facing a medical event, expenses can spiral out of control quickly: co-pays, lost income, deductibles, even filling the gas tank to get back and forth to treatments. Aflac puts money in your pocket to spend where needed.

Disability - If a disability kept you from earning your full-time income, how would you pay your bills during your recovery? Protect your income. Also includes coverage for maternity leave.

Accident Advantage plan - Increased ER benefit; organized sporting activity injury benefit; initial hospitalization, Physical Therapy and more. Pays cash to you for medical procedures for on- or off-the-job accidents.

Cancer plan – pays benefits directly to you for procedures associated with the treatment of cancer. Protect yourself from the financial effects of fighting cancer. Wellness benefit also.

Choose individual, individual & spouse, or 1-or 2-parent family coverage for most benefits.
